

One source. Three delivery contracts.

The same structured page is emitted as a standard screen PDF, an archival PDF/A-2b sample, and a print PDF/X-4 sample. Each profiled file carries an output intent and embedded font.

01 / Everyday

Standard PDF

Fast preview, compact delivery, selectable text, and Fullbleed diagnostics.

Target	Screen + review
Profile	none

02 / Archive

PDF/A-2b

Metadata, output intent, and embedded fonts for a durable visual record.

Target	Long-term storage
Profile	pdfa2b

03 / Press

PDF/X-4

Output intent and modern transparency support for print handoff.

Target	Commercial print
Profile	pdfx4

INSPECTION RULE

A profile request is not a compliance claim.

This showcase reports only the metadata, output-intent, embedded-font, and blocker signals actually inspected. Independent standards certification is outside this benchmark.
